

QUALITY FEED & GARDEN

PRESENTS:

Beekeeping in the Urban Environment!

SATURDAY, NOVEMBER 14, 2015

SOCIAL: 9:30 TO 10 AM

PRESENTATION: 10 AM - 11 AM

QUALITY FEED & GARDEN

Have you ever considered beekeeping as a hobby?? Then please join our store's *Owner and Beekeeping Enthusiast Ken Cousino*, and *Garden Writer and Natural Beekeeping Practitioner Angela Chandler*, for a day of learning about cultivating bees in your urban back yard!

Angela is a beekeeping naturalist, urban gardening expert, and environmentalist! She will introduce all of us to beekeeping, either to cultivate bees as a way to protect and improve the bee population, or for the healthy bonus of honey production for your family and friends! As an added bonus, receive information on acquiring bees and an annual schedule of beekeeping chores!

REFRESHMENTS WILL BE SERVED.

DOOR PRIZES & STORE DISCOUNTS!

Your favorite feed store working for YOU!
